The DIMMER VIEW

Hospital Issue Emotional?

If voters approve the \$10½ million Grossmont Hospital District tax issue March 3 it will be because they are more emotional than thoughtful.

One objection to approval should be the ploy exercised by trustees to change the property-tax issue from the historical 66 per cent to 50 per cent. A Joint Powers arrangement is the vehicle.

Illegal? No.

Slithery? Yes.

Need for 164 more rooms. Maybe.

In any event, if half of the voters who go to the polls March 3 approve, every piece of property in the Grossmont Hospital District will carry an additional tax of 15½ cents each year for every \$100 assessed valuation. Proponents emphasize that it is not a vote for bonds — but the effect is substantially the same.

With hospital construction proliferating, it is hard to believe that any room shortage at Grossmont will be more than temporary.

The newest, a 319-bed facility — the Alvarado Community hospital — is being built at Interstate 8 and College ave. It is different from Grossmont in that it demands no public funds for construction. And it will pour back into property tax coffers more than a quarter of a million dollars a year. Grossmont pays nothing to reduce property taxes.

Bed rates at Alvarado will be no more than at Grossmont, yet, National Medical Enterprises, the developer, will operate the facility at a profit, according to Richard K. Eamer, NME president.

In spite of huge investments, operators of most proprietary hospitals seem to make investors happy. Many Grossmont investors are unwilling and unhappy.

One question that keeps popping up about Grossmont's operation is that of profits. Are there any? If there are, where do they go?

Eamer claims hospitals are profitable if the profit motive is part of the administrative structure — and he did not refer to Grossmont specifically.

What every hospital needs, says Eamer, is competent people who can do innovative thinking under the pressure of professionally sophisticated management.

One of the obstacles to lower cost at public hospitals is overstaffing, he said. Management can reduce this expense if it wants.

In many public hospitals pathology departments and X-ray departments are given as a largess and important income is lost. He cited an instance where the pathology department was handed to the operator rent free. The pathologist pays wages to technicians needed to operate the department and he pockets more than \$200,000 a year for himself.

Medical facility management, an important facet of Eamer's National Medical Enterprises, would have transferred that loss to hospital income first off.

Professional management can advantageously advise that small but dedicated handful of people who try to administer a \$10 million-or-more a year business with hardly more than a half-dozen hours a month of undivided attention.

Such boards inevitably have problems with the hired administrator. If he is strong he imposes his will. If he is weak, that's worse.

Eamer's opinion is not to be taken lightly. He is famed as a medical hospital lawyer with the Los Angeles firm of Eamer and Bedrosian. He is also a certified Public Accountant. His National Medical Enterprises operates nine profit oriented hospitals in California.

Many voters would urge that Grossmont be converted to a proprietary hospital by selling it to a group of investors. It is said that the same degree of service could be provided under private ownership without adding to patient cost. Proceeds from such a sale could build a fine public park — or provide rebates to those who have been paying for the hospital via tax bills.

Equally important, the hospital would go on the property tax rolls and all taxpayers would benefit. They are doing just that in Merced where the community hospital is being sold to private investors.

U.S. Congressman Lionel Van Deerlin and California Senator James Mills spoke to this point a couple of weeks ago when they attended a dedication ceremony of the Bay General hospital in Chula Vista.

Jointly, they commended private enterprise and the medical profession (for providing hospital facilities) "without burdening the taxpayer."

Why a Forum For Marcuse?

Faculty leadership at Grossmont Junior College must be proud of its determination.

It has contrived for the Marxist leader, Herbert Marcuse, the controversial teacher of U.C.S.D. — to speak twice on Grossmont's campus.

The first appearance is to be February 27 at 7:30 p.m. and the program is for faculty members only. District taxpayers will shell out \$250 for the faculty's dubious privilege.

Marcuse, reputedly the prophet of the New Left, will discuss "Aesthetics as a Model for a New Morality." In March he is scheduled to discuss "Marxian Philosophy and the 70's." Trustees voted 3-2 for his appearance but only after an executive (closed) session lasting more than an hour. Our pipeline to the closed session indicated how sinister has become the pressure of communism in this facet of our existence. Trustees did not indicate that a Marxist should be provided a forum so much for the enlightenment of the subject as much as their fear of reprisals by students following a rejection. At least one trustee voiced fear of student demonstrations if Marcuse was refused. The trustee did not indicate whether the demonstrations would be faculty inspired.

The trustees' vote was public, with William Faulstich, Dr. Paul Eppler and Board President Portia Goode approving. Karl Tuttle and John Birch opposed.

Trustees were aware that they had been taken to court in 1968 when they rejected a John Birch Society-Communist Party debate on campus. That action was first sustained and later overturned in court.

There are ways faculty could expand its knowledge of communism without bringing the controversial philosophy professor to Grossmont campus, but such a suggestion in (Cont. on page 8)

LANCE COMES TO TOWN — Lance Alworth, record-holding pass receiver of the San Diego Chargers, was in Lemon Grove this week for the opening of his new franchise venture. One of a chain of his 60-minute System dry cleaning establishments is located at Broadway and Olive — on the Mayfair parking lot. With Alworth at the opening was William Haskins, president of the firm; Alworth, Frank Shughrue, president of the L.G. Chamber of Commerce, and Lorn Wells, store manager. The store is open 7 a.m. to 9 p.m. daily except Sunday.

Knighthood Comes To Sir Frank Gigliotti

It was not altogether a bad week for Dr. Frank B. Gigliotti, of 3785 Gigliotti dr., Lemon Grove.

His wife Mabelle was in the hospital following a stroke and he had fallen in the bathroom and could not get about only with crutches, but the telegram carried good tidings. It read:

IT IS A GREAT PLEASURE TO INFORM YOU THAT THE PRESIDENT OF THE REPUBLIC OF ITALY HAS SIGNED A DECREE CONFERRING ON THE REV. FRANK B. GIGLIOTTI OF HIS OWN FREE WILL THE ORDER OF THE KNIGHT COMMANDER OF THE REPUBLIC OF ITALY FOR MERIT AND CAUSE.

CORDIALLY
ETTORE STADERINI
SECRETARY TO THE PRESIDENT.

With the delivery of the wire, "Gigs", as he is popularly called, became Sir Gigs, or Sir Frank Gigliotti.

He was invited to travel to Washington to accept the presentation at the Italian embassy but he declined. His wife's illness and his crutches made the trip improbable.

How about going to Los Angeles where the Italian Consul General could make the presentation? This honor, too, he declined saying that he wanted it presented in San Diego for certain and in Lemon Grove if possible.

The Order of Merit is the highest medal Italy gives to foreigners, Dr. Gigliotti said. It was offered for many activities.

SIR FRANK

Dr. Gigliotti wrote the articles 17, 18 and 19 of the Articles of Freedom into the Italian Constitution following WWII. He had aided in the liberation of Italy as a member of the OSS (Office of Strategic Services).

Italy had honored Dr. Gigliotti before. He has three gold medals for his help in getting the Masonic question settled. Seven more gold medals were given him by Italian Masons for gaining the return of Masonic property.

In 1967 he was named Kiwanis Man of the Year by the Lemon Grove service club. A banquet honoring him was attended by 1,038 persons.

Dr. Gigliotti obtained his degree of divinity at the University of Rome.

Conversion Conversion Faced By La Mesa Family

SAN DIEGO (CNA) — A La Mesa couple faces converting their converted garage back to a garage.

The County Planning Commission by a three-to-two vote on Friday refused to grant a variance to Mr. and Mrs. Michael P. Pargoff, 8812 Moeline ave., to reduce the street setback for the off-street parking from 50 feet to 30 feet.

Conversion of a garage to living space is a common step, but one that can leave a residence without the required off-street parking.

Mrs. Pargoff told the commission the conversion is complete.

Zoning Chief John Cassidy of us have done."

LG Fire Report

The Lemon Grove Fire Department, for the week of Feb. 9-15, answered four fire calls and three rescue calls. Following are the fire calls:

Feb. 9 at 3:45 p.m., firemen went to a location on the freeway where a car was stalled because of a ruptured gas tank. Gasoline had to be flushed from the freeway shoulder and the car was taken to a Lemon Grove garage for repair.

Feb. 11 at 3:40 p.m., firemen went to New Jersey and Central, where letters in a mail box had been slightly burned by juveniles. The two suspected juveniles (boys) were picked up by an off-duty deputy sheriff.

Feb. 13 at 7:47 p.m., firemen went to 7073 Broadway. Someone had reported fire in a building, and firemen found that wood had been left on a forge in a welding shop after the place was closed for the night. No damage was reported.

Feb. 15 at 1:47 p.m., near the intersection of Skyline and Alton juveniles had piled some tumbleweeds to make a "fort." The weeds had been set afire, but there was no damage.

RESCUES.

Feb. 9 at 6 p.m. One-year old Christina Rorosco of 3236 West st. was brought to the fire station, due to her high fever and convulsions. A doctor was summoned and she was sent to a hospital.

Feb. 10 at 11:29 p.m. A two-year old child at 7512 Tweed st., was sent to Grossmont Hospital, due to difficult breathing.

Feb. 12 at 3:53 a.m. Andrew Ruzick, 57, of 2622 Grange st., was sent to a hospital, due to possible "flu."

Old Time Committee Seeks Oldest Native

The search will soon be underway to find "The Oldest Living Native Lemon Grove Citizen."

The committee for the 7th Annual Lemon Grove Old Time Days celebration agreed at Tuesday's meeting to make the contest to find the oldest native born Lemon Grove citizen, still living in the community, an important part of this year's affair.

The winner will be honored at the Kickoff Dinner to be held May 2, and will ride in a place of honor in the big parade Saturday, May 23.

Soon the Lemon Grove area will see a flood of colorful window posters and bumper stickers advertising the annual Old Time Days celebration. This committee voted to order 100 large posters and a large quantity of colorful bumper and window stickers. The stickers will be in the form of a large lemon, 5 by 8 inches, with Old Time Days information in green ink.

It was announced that the Lemon Grove Toastmasters Club has agreed to share the chore of announcing the parade with members of the

Spring Valley Toastmasters Club.

The Lemonettes, always a colorful part of the parade, have achieved such area recognition that they have been invited to take part in the annual Lakeside Rodeo Parade in April.

Invitations have been sent out by the Old Time Days Committee for participation in the big parade up Broadway and the first group to return their filled entry forms was the Mount Miguel High School Band.

This year's parade is expected to be the biggest and best in the history of the celebration. Anyone, individual or group, interested in taking part in the parade should contact the committee through the Chamber of Commerce.

Groups interested in viewing films of last year's parade should get in touch with com-

mitteeman Jim Dorman. An interesting color film is being put together for public showing.

The next meeting of the Old Time Days Association will be March 10, at 7:30 p.m., in the Chamber of Commerce offices.

Mobile Homes To Get Study

SAN DIEGO (CNA) — County supervisors will meet at 8:30 a.m. Tuesday to discuss the placement of mobile home outside of regular mobile home parks.

When the county took over the enforcement of the state regulation, the supervisors also adopted an ordinance saying that there must be at least five acres in a parcel of land for it to qualify as a mobile home park, for one or more trailers.

Supervisors De Graff Austin and Henry A. Boney said Monday they believe this is too restrictive, although they did not suggest alternatives.

What to do about one space mobile home parks remains an unsolved problem.

Another subject that has not been met head on is that of travel trailers and campers for recreational use, Boney said.

Golden Rule Order Accepts Conrad

Conrad Lemon Grove Mortuary, 7387 Broadway, has been officially notified of its acceptance into the Order of the Golden Rule — an international organization of funeral directors.

The affiliation was gained only after Conrad Lemon Grove Mortuary received approval of many Lemon Grove people who are in a position to speak with authority on the firm's qualifications.

Funeral director-members of the Order are selected for their ability to uphold the ideals of this world-wide organization, which has been in existence for four decades.

Notification of membership

was made by letter from the Executive Director of the Order, who stressed the distinction Conrad Lemon Grove Mortuary holds by being accepted for membership, since ordinarily but one funeral directing firm in each community can belong.

Moreover, the requirements are such that only those firms of high ethical standing in the profession can attain the distinction of membership.

The Order places particular stress on the necessity of providing service that is modern and comprehensive, and at the same time so moderately priced that it is within the reach of all — even those in the most modest circumstances.

Withholding Laws Already on Books

Letters to the Editor:

State Withholding Tax is again becoming an issue but what many people do not realize is that we have laws on the books for a State Withholding Tax. These laws cover withholding, amounts to be withheld, the states' ability to collect these taxes even if they are delinquent or the taxpayer moves out of the state.

These laws are under Revenue and Tax Code Sections 18905-18911 incl. Also, Sections 18931, 18932, 18961, 18962,

Editor:

We wish to extend our sincere appreciation for the tremendous assistance given by your newspaper in the form of news releases informing the veteran of the San Diego Job Fair on January 29. These news releases contributed greatly in making this Job Fair a success.

The results of the Job Fair were most gratifying in that 836 veterans attended between the hours of 9 a.m. and 3 p.m. The participating employers offered a total of approximately 800 jobs. More than 1500 interviews were conducted and there were 833 referrals for further interviewing and testing.

In view of the excellent response by both veterans and employers to the Job Fairs held in East Los Angeles and San Diego, we are planning a third Job Fair to be held in the city of Compton on March 25, 1970 at the Wilson Park Community Center.

On behalf of the Veterans Administration, I wish to again thank you for your cooperation and assistance.

Sincerely yours,

Presbyterians To Meet Wednesday

United Presbyterian ministers and lay members from 34 churches in San Diego and Imperial Counties will greet their denomination's top honorary leader Wednesday at 10 a.m. in the First Presbyterian Church, 2001 El Camino Real, Oceanside.

He is the Rev. Dr. George E. Sweazey, Moderator of the General Assembly, who was elevated to the 3.2-million-member church's chief titular position last May in San Antonio, Texas. Dr. Sweazey is pastor of the 3155-member Webster Groves Presbyterian Church in suburban St. Louis, Mo.

The Rev. Dr. Duane A. Walker, pastor of the Oceanside church, will be official host to the San Diego Presbytery-sponsored meeting, along with the Rev. Theoderic E. Roberts Jr., presbytery moderator and pastor of Lakeside Community Presbyterian Church.

AREA BIRTHS

The following area births were reported by Grossmont Hospital last week:

February 4 — A girl, 7 lbs., 15 ozs., born to Mr. and Mrs. Robert E. Parsley Jr. of Spring Valley.

February 8 — A boy, 7 lbs., 6 ozs., born to Mr. and Mrs. Larry Don Kygar of Spring Valley; a girl, 7 lbs., 5 ozs., born to Mr. and Mrs. Michael E. Ragan of Spring Valley.

18863, 18864, 18865 and 18835. Perhaps your representative is not aware of these Tax Codes but Senator William E. Coombs is and you might write and ask your representative to check into this.

Why should new laws be enacted, why should those of us who do not desire to pay withholding be obligated to do so, when there are laws covering people live here temporarily and then move out of state. These laws apparently plug the loop-holes. By the way, they have only been in effect for 25 years.

Dear Editor:

Herbert Marcuse is to be invited by Grossmont College to speak to the faculty on "Aesthetics as a Model for the New Morality" and "Marxian Philosophy and The 70s", approved by the trustees.

Everybody who reads a newspaper knows that Marcuse is a Marxist dedicated to the overthrow of our government and neither of these subjects would make better teachers, so it is incredible that such a thing could happen. No subjects were given, but the list of other speakers does not suggest the presentation of any opposite views.

Trustees Portia Goode, Dr. Paul Epler and William Paulwetter voted for bringing this subversive to the campus; Karl Tuttle and George Birch had the understanding and character to oppose it.

Only by watching the future actions of the trustees and replacing those who voted for this disgrace by others who want to preserve a great America and by opposing any bond issue until this corrected, can we begin to justify the 67.8% of our taxes spent for education.

Yours very truly,

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

The word "destino" is apparently related to our English word "destiny" but has been used in some Spanish expressions where the meaning was not clear. Is there more than one way to translate "destino?" If so, would you please explain and give some examples of any variations?

Surprisingly "destino" has several meanings other than "destiny." Variations in translations are common in Spanish and in English. Many can be slightly confusing.

The preferred translation of "destino" is "destiny." An example of this may be seen in the expression "Cual fue el destino de el?" (What was his destiny?).

Another use of "destino" is

reflected in "El tiene un destino en la ciudad." (He has a job in the city.). In this case "destino" means "job" or "position."

A final translation may be seen in the phrase "Llego la carta al destino?" (Did the letter arrive at the address?) It is easy to see that "destino" in this case means "address."

Practice phrases that appear below contain "destino" in several variations. See if you can learn to say them, word-for-word, and then phrase-for-phrase when you dial 276-2762. It takes less than two minutes.

IMPORTANT PHRASES:

Say "A cual destino va la carta?" (ah koo-AHL deh-STEE-noh vah lah KAH-rah-tah)

for "To which address is the letter going?"

Say "Va a los Estados Unidos." (vah ah loh eh-STAH-dohs oon-EE-dohs) for "It is going to the United States."

USEFUL PHRASES:

Say "Su destino fue tragico." (soo deh-STEE-noh foo-EH TRAH-hee-koh) for "His destiny was tragic."

Say "Es verdad." (ehs vehr-DAH) for "It is true."

OTHER PHRASES:

Say "Tiene un destino en la ciudad?" (tee-EH-heh oon deh-STEE-noh ehn la see-oon-DAH) for "Do you have a job in the city?"

Say "Yo tengo un destino." (yoh TEHN-goh oon deh-STEE-noh) for "I have a job."

DROPS ACID — Dr. Wayne A. Funk, M.D., told the Spring Valley Kiwanis about some medical aspects of LSD. Dr. Funk has experienced the drug's wonders while a member of a research team studying its effects. The chemical hallucinogen became illegal in 1966.

Psychiatrist Tells Kiwanis About LSD

Dr. Wayne A. Funk, M.D., a psychiatrist, with offices in La Mesa, was the guest speaker at the Spring Valley Kiwanis Club breakfast-meeting Feb. 18 at Golden Bowl. He spoke on "Some Medical Aspects of LSD."

Dr. Funk said initially LSD effects were thought to suggest a relationship to the serious mental illness schizophrenia, but it did not prove to be.

Substance then used as a psychotherapy technique with many articles in medical journals extolling its virtues. No universal acceptance, however.

Studies criticized for not having sufficient controls established for scientific comparison.

Led to double blind studies, again with no conclusive evidence of predictable results. Drug is still considered to be under research status. May be a precursor of later compounds to come.

Most recent interest centered in reported value relative to treatment of the chronic alcoholic. Rooted in the capacity of LSD to produce a mystical transcendental state with religious overtones.

May lead to sustained periods of sobriety because of the "conversion" like experience. May assist in identification with A.A., generally accepted as the most successful approach for the problem drinker.

LSD, no problem from 1938 to 1954 because it was under the control of the Pharmaceutical industry. But after 1954 no longer so because it was then possible to synthesize it, meaning that it did not have to be isolated from ergot.

Now there is a problem similar to prohibition days of the early '30s. It cannot be truly controlled any longer since any really good chemist can make it and "bootleg" it.

Unfortunately it is not as pure as the original substance, which may account for some of the adverse effects which have been reported.

As now understood, "flip-outs," or acute psychiatric disorders are felt to be released by the effects of LSD, not caused by it per se.

It can be reversed by the use of antipsychotic drugs, such as thioridazine, the same as for true mental illness.

So called "flash backs" also are not clearly understood, but are thought to be associations to the drug state, or perhaps recurrences during times of stress at later dates (not due to the drug).

Among them was a local youth, James Irwin Moore, of Lemon Grove.

To be eligible for the honor roll, a student must have an overall grade average of B or better in a minimum of 12 credit hours and must not have a "failing" or "unsatisfactory" mark in any course.

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers.

Q I'm a full-time college student and think I will get a tax refund, if I don't have to count a \$750 scholarship as income. Is it income?

A Scholarships are generally not taxable and do not have to be reported for tax purposes. Since there are many different types of scholarships, you will want to check with the organization that gave you the scholarship to see if they have information on its tax status.

Q Why did IRS drop the short form 1040A?

A One important reason was to make it easier for taxpayers to claim all the credits, deductions, and exclusions they were entitled to under the tax laws. In recent years more and more taxpayers have found it to their advantage to itemize deductions as their income increased.

The new Form 1040 is one basic page and actually calls for just about the same information that had to be entered on the front and back of the old card form. Over 30 million returns will need just the one-page Form 1040 to be complete, while another 22 million will have to attach only one additional schedule.

Copies of the schedules taxpayers will most likely need were included in the tax package mailed to some 75 million taxpayers.

Q I got married in December. Can my wife and I file a joint return for 1969?

A Yes, if you are married on the last day of your tax year.

Four From Area Get Recognition

Special recognition for outstanding service was accorded Mrs. Leonard Ruback of Spring Valley during the American Cancer Society's Free Wheeler's luncheon, February 12, at the Town and Country Hotel, San Diego.

Also among the 100 volunteer drivers of cancer patients being honored were: Mrs. Don Ellis, Lemon Grove, Mrs. Merle Griffin, Lemon Grove and Mrs. Edgar Savory, Lemon Grove.

Welcoming the drivers from throughout the San Diego County was Katherine Carson, M.D., chairman of the Society's Service Committee.

Carl von Essen, M.D., Chief of Radiology, University Hospital discussed the use of radiation therapy as a treatment for cancer. He also thanked the Free Wheelers for the important role they play by transporting the patients.

According to Dr. Carson the Free Wheelers made over 1,000 trips during the past year, but she stressed the fact that more drivers are always needed.

Santa Comes Home

Soon after Christmas decorations were put up last year, Father Philip Bartlett, an Episcopal minister who lives at 3570 Hartzel dr. in Spring Valley, reported that his near life-size electrically lit, plastic Santa Claus had been stolen.

Last week, John Zink, of 3733 Fenwick dr., notified Father Bartlett that he had found Santa. It was off the side of the road hidden from normal view.

This year Father Bartlett will again display Santa in all his electrical glory — having to replace only one bulb in Santa's interior.

World Records at Stake In Friday's Indoor Meet

One of the strong indoor fields of the 1970 board-track season will compete in the San Diego Indoor Games Friday night at the International Sports Arena.

On the same combined 27-event program is the annual San Diego Section, C.I.F. Championships. The prep portion will involve most of the premier schoolboy athletes in the County, including Milton Mitchell of Lincoln. Mitchell will be after his own world prep mark of 57.8 in the 500.

The 500 might see two world standards in one evening. Lee Evans, who, along with Martin McGrady, set a world 600 record of 1:08.7 at the Times meet in Los Angeles last week, has announced he's after the standard of 55.5 for

the 500. Evans will have strong competition from Len von Hofwegen and Jay Elbel, plus the benefit of being very fit.

The mile could be one of the fine indoor miles in years. It spotlights Kipchoke Keino of Kenya, Frank Murphy of Ireland and Americans Sam Bair, Dave Patrick, Jim Crawford and Bob Day.

John Carlos is always a threat to the record in the 60-yard dash, and Willie Davenport and Gary Power have hopes in the 60-yard high hurdles.

FAMILIAR SCENE — This is how Helix' Bill Walton looked against Mt. Miguel in the first round of play, and is a scene that may be repeated tomorrow night, when Miguel and the Highlanders clash. Here, Walton simply goes over his opposition, rising above Mark Ricketts for a score. (Photo by Marc Lieberman)

The VA's home loan program, signed into law in June 1944, granted its first loan to Miles E. Meyers for purchase of a two-story row house in Washington, D.C.

Walton Gets Record; Helix Still Winning

Helix High kept on truckin' last week, rolling up their 42nd and 43rd straight wins, boosting their league record to 12-0 and leaving their season mark at 15-0.

Matadors Lose Pair

Mt. Miguel, best team in the county two years ago, is running uphill this year. Faced with a complete rebuilding, the Matador coach is also faced with a Grossmont scheduled featuring some of the best teams in the county in years.

The result of all this is a 1-11 league mark for Miguel, who lost a pair of games last week.

First, it was Granite Hills who logged a 72-61 win Tuesday. Then, a good Santana team bombarded the Mats, 82-55 Friday night.

John Slater and Gary Russ scored 22 and 17 points to keep Miguel within range of the Eagles, but Tim Doerr's all-around play was enough difference for Granite Hills to score their third league win.

Santana had a 38-21 lead at halftime, and was ahead, 72-36, at three quarters.

Slater and Russ scored 15 and 13 points in the loss, while Tom Young also scored 13. All three are juniors.

Slater is scoring at an 18.0 pace for league play.

The loss left Miguel at 2-20 for the season.

forts of 31 and 34 points, raised his league average to 29.1 and put himself over the county record for total points scored in one season.

The Highlanders coasted past Grossmont, 104-48, Tuesday, and blasted Granite Hills, 107-44 Friday night.

Walton's 34 points against the Eagles was enough to put him over the record of 774 points, established in 30 games by Kearny's Wilburn Strong last year.

The seven-footer needed just 11 points going into the game to equal the mark.

Helix looked like an NBA team against Grossmont.

The Scots rolled up a 40-22 halftime advantage, and went ahead, 73-33, at three quar-

ters. Walton was the game's star. He intercepted eight 'Hiller passes and cornered 25 rebounds in addition to his scoring.

Walton received double-figure support from Mike Honz (18), Dan Coleman (15), Mike Dupree (14) and Randy Madsen (12).

Helix also started fast against the Eagles, jumping to a 52-22 halftime lead, and pushing to a 78-35 three-quarters lead before winding up with a 29-9 last quarter advantage.

Walton bucketed 34 points in that contest, while Honz dumped in 19 and Dupree 15. Tim Doerr led the Eagles with 25 points.

Monarchs Lose, But Assured Playoff Slot

Monte Vista was upended by El Cajon last week, ruining their chances for second in the Grossmont League's basketball race, but a comprehensive playoff system will allow the Monarchs post-season competition.

In fact, the playoff system as announced will skim off the top four teams from the league — Helix, Santana, the Monarchs and El Cajon.

Nobody wants to finish fourth, however, because that team is scheduled to face Helix in the first round of the playoffs: a quick ticket to oblivion.

With the possibility of a two-way tie for third, and a remote chance of a three-way tie for second, a coin flip may be necessary to determine the seeding.

After losing to El Cajon in overtime Tuesday, 77-74, Mon-

archs got back on the winning track with an 82-63 win over Grossmont.

El Cajon came up with a superb effort against the Monarchs.

The game ended at 67-67 and overtime was necessary. Jim Bristol led the Monarchs in that game, with 24 points, while Dan Heien had 17 points and Gary Earle had 16.

Earle, Heien and Bill Belander led the Monarchs to victory Friday against Grossmont.

The Monarchs went solidly ahead, 38-24 at halftime, and 67-41 at three quarters.

Belander had 19 points, Earle had 18, Heien had 15 and junior Allen Bunting scored 10.

The win left Monte Vista at 8-4 in league and 19-6 overall.

Eight Scots Vie For Indoor Titles

Helix is the only area school to qualify any tracksters for San Diego CIF Indoor Championships tomorrow night, and in fact, was just about the only local team to enter in force.

Coach Mike Muirhead's Highlanders qualified eight athletes, including three in the shotput.

Gunnars Valkirs, Rick Rhoads and Dick Comber all made the cut in the shot.

Rick Schutz cleared 12-foot in the vault to make the top six, while Dean Jacobs had the third-best long-jump in qualifying.

John Landis ran a :06.3 60-yard dash to qualify, and distancemen Dennis Rodgers (mile) and Robin Schultz (two-mile) also made it.

Coming as early as it does, the indoor "championships" are more or less devoid of meaning with such athletes as Mt. Miguel's Billy Joe Winchester (62-2 1/4 with the shot) and Oceanside's Jerry Culp (6-10 in high jump) being unable to participate because they are still involved with winter sports.

Many other athletes simply aren't in shape this soon, while others are held out by their coaches who want to protect them from injury on the boards.

And, others are pointing for the outdoor season and don't want to adjust their training. As a result, the story was as much who didn't qualify as who did.

Among the top county athletes who won't be represented are Winchester, Culp, El Cajon's Dean Owens, Granite Hills' Daryl Guthridge (in the dash), Vista's Jerry Plunkett, Oceanside's Ruben Heredia and Pt. Loma's Jon Freyer.

Others you'll hear from, locally, when the outdoor season begins are Helix hurdler Art Evins and two-miler Ed Mendoza, Mt. Miguel sprinters John Hook and Ross Ellis,

vaulter Rex Lowery, distancemen Bob Morrison and Gary Heiserman, middle-distance ace Lex Nelson, and Monte Vista distancemen Tom Lux and Gilbert Arroyo.

The Helix shotmen will be in contention in a field minus Winchester. Valkirs can win with a good effort.

Jacobs went well past 22-feet last year and should place in the long-jump. Guthridge and San Diego's Art Smith will be the favorites there.

Landis will vie with a fast field in the 60, including Kearny's Vince Breddell, who ran :06.2 last week. Three others in the field equaled Landis' :06.3.

Rodgers and Robin Schultz may be in over their heads in the distance runs. Clairemont's David Harper should dominate the fast mile field, while Madison's Bill Modry ran a 9:33 two-mile last week.

Rick Schultz cleared the same height as the other five qualifiers, 12-feet. But his lifetime best is 12-6, while Grossmont's Phil Lesh, among others, bettered 13-feet last year. El Cajon and Mar Vista, to nobody's surprise, qualified three vaulters between them.

Lincoln and El Cajon joined Helix in qualifying eight positions. Henry and Clairemont had six apiece, while Mar Vista and Point Loma each had five.

CHUCKIN' SPORTS

Basketball Training Camp Opens in San Diego Area

By Chuck Curtis

Basketball took a giant step forward in San Diego a few years ago when the Rockets came to town. Now comes word that San Diego basketball has reached full growth with the opening of California Basketball Camp.

What is California Basketball Camp? It is a week of concentrated basketball instruction by top professionals for boys dedicated to the sport.

The Camp will be held at Can Diego Military Academy, Solana Beach, June 21 through 27. It is designed for boys in grades 7 through 12.

Who are the pros who will be teaching? The preliminary list of names released includes Elvin Hayes, Pete Newell, Jim Barnett, Toby Kimball, Pat Riley of the Rockets, San Diego State's Dick Davis and Tim Vezie, United States International University's Bob Kloppenburg, University of San Diego's Bernie Bickerstaff and other coaches to be named later.

This is a massive array of talent and the man responsible for putting the whole package together is Camp Director Max Shapiro.

Max started his interest in basketball as a youngster. He played his college ball at Washington University in St. Louis, Mo.

After a brief teaching career in the St. Louis School system, Max went into the service. There he moonlighted as a scout for the Cincinnati Royals.

In the first year of the Rockets as a pro entry, Max served as a scout. He graduated to Director of Player Personnel and Promotions, a post he held until early this season when he resigned to become an independent player representative. He is currently scout for the Los Angeles Laker and Phoenix Sun scouting pool.

California Basketball Camp is Max's baby. Talking to him the other day he told me he had been privileged to attend such a camp as a young athlete and treasured the experience.

Realizing San Diego County has never had a professional basketball camp and knowing the tremendous interest in the sport in this area was all Max needed to start the ball rolling on this "first" for San Diego.

We asked Max about the facilities at the Academy and he advised us that the boys would have the use of the olympic pool, three outdoor basketball courts and numerous meeting rooms. They will be rooming two to a room.

Max said it was decided to have the camp limited to one week this first year and to have that week early in the summer so it would not interfere with any parental plans to take youngsters on vacation trips. The one-week limit also restricts the number of boys who can be accepted in the camp so, those interested are advised to contact Max Shapiro at California Basketball Camp, 3052 Clairemont Drive, Suite H, San Diego, Calif. 92117, or phone him at 276-6400.

The boys will be supervised at all times with a nurse and dietician on the premises and a doctor on call. Each boy will also be protected by medical insurance during the week.

The schedule leaves little time for anything other than basketball, so, unless you are ready to eat, sleep, and drink basketball, don't waste your time or that of the instructors.

Early in the week each boy will have his basketball moves filmed. Then he and an instructor will go over the films, frame by frame. The boys will take part in instructional games three times each day. This will give them the opportunity to put into practice the various points discussed in the lectures.

The day sessions will be strictly training games with frequent stops to correct errors and repeating of plays.

After dinner there will be actual games during which the boys will be encouraged to evaluate their progress as they try what they have learned under actual game conditions.

California Basketball Camp is an idea that has this editor's complete backing.

Valley Thieves Think Grandiose

A thief, or thieves, apparently were "thinking big" when they decided to strike in Spring Valley February 8.

Victim was Demeo TV and Appliance, 1043 Elkton blvd., to the tune of more than \$2700 worth of television sets, portable radios, and portable tape recorders.

The robbery apparently occurred between 2:50 and 3 a.m.

Other robberies dotted the Sheriff's blotter last week, including:

- the theft of six bottles, all collector's items, and worth about \$400, from Gerald Masse, 2539 Helix st. in Spring Valley, between February 8 and 10.
- a gun collection, worth \$250, was taken from the home of Joe E. Tisdale, 3580 Quarry rd. in Lemon Grove, February 10.
- school property worth \$150 was taken from Avondale Elementary in Spring Valley, including a stereo set and three 16mm films, between February 7 and 9.

CdO Rezone Request Denied

SAN DIEGO (CNA) — A request for 6,000 square foot lot zoning in Casa de Oro was denied on Friday by the County Planning Commission.

Donald Arglehen had asked for R-1-A zoning from R-1 (10,000 square feet lot minimum) for 11 acres on the north side of South Barcelona east of La Cresta rd.

Several persons spoke in opposition, and a petition representing 23 families in opposition was given to the commission.

Zoning Chief John Cassidy said the request would constitute a spot zone entirely surrounded by lower density residential and estates zoning.

He said other, similar property has been developed in the R-1 zone.

Undergrounding Ok'd For Palm

SAN DIEGO (CNA) — County supervisors on Monday approved the undergrounding of utilities in the Palm street district in Lemon Grove without discussion.

All utilities from Imperial avenue to Golden avenue will be placed underground by the San Diego Gas and Electric Company and Pacific Telephone at the time the county widens Palm street.

The cost to property owners will be for a trench and a new connection at the building.

The cost per parcel to the owner is expected to be in the neighborhood of \$200 or less, whereas the Gas Company will be spending about \$2200 per parcel. The telephone company will also expend substantial amounts of money in the project.

The inner surface of abalone shells found on the Pacific coast is used in manufacturing of jewelry, pearls and mother-of-pearl inlays.

Petition Drive On To Lower Voting Age

SAN FRANCISCO — Supporters of the vote for 18 year olds are planning a massive petition drive on Feb. 23 in an attempt to qualify initiative petitions on the question for the November ballot.

James Armstrong, Northern California chairman for Independent Voters for the Vote Extension (INVOLVE) is attempting to recruit 40,000 petition circulators for the Feb. 23 drive.

"Working through the YWCA, the California Teachers Association (CTA) and other groups, we hope to enlist enough volunteers who are registered voters to put our initiative campaign over the top in order to qualify for the November ballot," Armstrong said.

He reported that INVOLVE and groups working with it have gathered over 100,000 of the 520,276 valid signatures needed to qualify the petition for the ballot. April 6 is the deadline for valid signatures to be filed with the Secretary of State.

"Arguments that have kept 18 year olds from voting no longer make sense," Armstrong said. "Today's young people are well-educated and unquestionably ready to participate in government. Today 75 per cent of the nation's youth graduate from high school and over 50 per cent will attend college at some point. In contrast, 45 per cent completed high school in 1940 and only 16 per cent went to college."

Young people, he added, find it hard to understand why they qualify to fight and possibly die for their country at the age of 18 or 19, but do not qualify to vote. Many of them also pay taxes on income, property, purchases and gasoline. They work and live under the laws of their local, state and national governments over which they have no voice.

Unruh To Open Headquarters

Gubernatorial candidate Assemblyman Jess Unruh will officiate at the grand opening celebration at the Unruh for Governor Headquarters, 1122 Fourth Ave., Saturday, March 21, according to M. Larry Lawrence and William Schall, co-chairmen of the Unruh for Governor Committee.

"The Reagan administration is splitting up right on schedule. Unruh's campaign is gaining momentum and support daily," Schall stated.

The grand opening will be open to the public from 3 p.m. to 5 p.m. Refreshments will be served and folk-singing entertainment will be provided.

'Blood' Money Taken From Masonic Temple

Vandals stole "blood bank" money from the Lemon Grove Masonic Temple, 2500 Main st. Tuesday evening, according to Ray Brehm, Master of the lodge.

The money, about \$250, was in jars and had been contributed by members.

Also stolen was a large silver trowel and a gavel that had high ceremonial value. The trowel had the name of Judge Joe Shell inscribed on it.

The sheriff's department said it might have been the work of youngsters and are seeking the culprits.

Eddie Collins, Connie Mack's famous second baseman, made 509 sacrifice hits during his career.

Matador Grapplers Pin Sults

The Mt. Miguel Grapplers finished off the season with a 29-14 victory over Santana, Friday.

Fred Taylor was the only Matador to pin his Sultan opponent, finishing his match in 2:25.

Decision matches were taken by Mick Allenson, Dale Siscoon, John Preston, Miguel Cesena, Kevin Pullan, Chris Wilhite, Lee Stewart, and Don Jackson.

Two new faces were on the scene as Lee Stewart and Miguel Cesena both wrestled their first varsity matches of the year. But one prominent grappler was missing — Bill Winchester, who had two of his teeth knocked out.

Santana totaled only four wins, their one pin by Cvitkovich at 194 in 3:03.

Matador Jayvee wrestling team was equally successful sweeping over Santana in a 43-12 battle.

Rockets Host Lakers Saturday

The Los Angeles Lakers, currently making a determined bid for the Western Division title, will provide the opposition for the next San Diego Rocket home game, Saturday at 8 p.m.

In a special preliminary to the Laker-Rocket contest, the world's most beautiful (and still undefeated) basketball team, the PSA Jets, puts its record on the line against members of the Sportscasters and Sportswriters Association of San Diego. Game time is 7:10 p.m.

The Lakers, led by the dynamic duo of Elgin Baylor and Jerry West, make their final regular season appearance in San Diego Saturday night.

Leading two-games-to-one in San Diego and 3-0 on their home court, the Lakers hold a season advantage of 3-1. They have a commanding lead in the all-time series with a 19-2 mark over the Rockets.

Griff Relayers Point for Games

Grossmont College's mile relay team will clash with other area quints, including Mesa, in tomorrow night's San Diego Indoor Games.

Set for the Sports Arena at 6:30 p.m., the Games will feature the high-school indoor championships as a prelude to the world-class competition.

Among the stars scheduled to appear are Dick Fosbury, Kipchoge Keino, Randy Matson, Neil Steinhauer, Bob Seagr, Dick Railsback and Bob Day.

Grossmont's quartet will be comprised of Randy Provizano, Roy Gayhart, Rob Barnett and Ron Hartegan.

Provizano was a top prep hurdler for Mt. Miguel last spring, while Hartegan and Barnett ran on the swift Helix mile relay team.

Gayhart is also Helix product, but is a sophomore.

Mesa's team, always a favorite, will be paced by the smooth strides of Albert Fennell.

The Griffin baton crew has already run 3:26.2 outdoors.

Olander's 16-5 1/2 Is SDS Record

Rick Olander, a Helix High graduate, made his debut as a San Diego State Aztec a memorable one and the Aztecs issued fair warning to UCLA as all concerned turned in fine performances in last Saturday's season-opening all-comers meet.

Olander, who sat out last year after transferring from UCLA, pole vaulted his way to a school record 16-5 1/2.

Olander's vault shattered the old standard of 15-2 set by John Koch in last season's meet with the Pacific Coast Track Club.

In the discus, Dennis McClanahan, also from Helix, hurled the platter 155-1 for a lifetime best and moved into sixth in the Aztec top ten.

The Aztecs and Bruins will collide in the first dual meet of the season for both teams Saturday at 1 p.m. in Los Angeles. State has never beaten the Bruins but may be in a position to put up its toughest fight ever.

Padres Go TV For 20 Games

SAN DIEGO — San Diego television station KCST (Channel 39) will televise 20 Padre road games this season, it was announced by club president E. J. (Buzzie) Bavasi.

The nine Padre games in Los Angeles against the Dodgers and the nine contests scheduled against the Giants in San Francisco will be televised starting with the April 10 game at Dodger Stadium.

The other Padre road games depending on their importance in the pennant race also will be televised.

There was no regular local television of Padre games last year.

"We believe the added exposure on television will help create more Padre fans," Bavasi said. "The Padres are going to be a far improved team this year and the games with the Dodgers and Giants especially should be appealing to the television public."

Mel Wheeler, KCST general manager, said that his station had purchased the Padre television rights from station KOFO, which will continue to broadcast over radio all 162 Padre regular season contests.

On television dates, KOFO and KCST will simul-cast both pre-game and post-game Padre baseball shows.

Duke Snider, a member of the Padres regular announcing crew, and Bob Chandler, KCST sports director, will team to handle the television broadcasts.

Jerry Gross and Frank Sims will continue to do the radio play-by-play. Snider also will assist with the radio broadcasts.

The television schedule: April 10, 11, 12 at Los Angeles; May 22, 23, 24 (2) at San Francisco; June 26, 27, 28 at Los Angeles; June 30, July 1 at San Francisco; Sept. 14, 15, 16 at Los Angeles; Sept. 25, 26, 27 at San Francisco.

Elected at the same time were Richard Hendry, manager of the Lincoln Finance Co., vice president; Wiley Cornelius, principal of Mt. Vernon school, secretary, and James Umroe, assistant manager of the L.G. branch of the 1st National bank.

Four directors were elected to serve with the new slate. They are Dr. Griffith Clark, a veterinarian; Robert Berry, manager of Thearle's College Grove; Lee Clapham, a self-employed music instructor; and Rolla Hamilton, a garage operator who is also a past president.

Abigail Van Buren, known to millions as "Dear Abby" in her nationally syndicated column, will be guest speaker at the 40th Anniversary dinner of San Diego County's Goodwill Industries on Thursday, February 26.

Set for 6:30 p.m. in the International Room of El Cortez Convention Center, "Abby" will relate her impressions of "Human Relations and Goodwill" for officers, directors and friends of Goodwill Industries. The public is invited and may reserve tickets by calling Goodwill Industries at 232-6781.

Scheduled also for the special occasion are the Olympic Singers, San Diego's award winning singing group from Mesa College. Abigail Van Buren was recently named to full active membership on the Board of Directors of Goodwill Industries of America, and San Diego's 40th Anniversary will represent her first major effort for Goodwill.

Since 1930, non-profit Goodwill Industries in San Diego has been helping thousands of handicapped men and women regain their self-respect, become self supporting, and face the world despite their handicaps.

Allen J. Sutherland, president of Goodwill and chairman of the advisory board of the Security Pacific bank, said that 4,708 handicapped persons had been helped and \$8,338,542 had been paid in wages in the 40 years of Goodwill operation in San Diego.

U.S. public debt is now \$354 billion, about \$1,743 for every person.
